INTRODUCTION

1. This industry guide is prepared to assist businesses in understanding matters in relation to GST treatment on goods supplied by Duty Free Shop (DFS).

Overview of Goods and Services Tax (GST)

2. Goods and Services Tax (GST) is a multi-stage tax on domestic consumption. GST is charged on all taxable supplies of goods and services in Malaysia except those specifically exempted. GST is also charged on importation of goods and services into Malaysia.

3. Payment of tax is made in stages by the intermediaries in the production and distribution process. Although the tax would be paid throughout the production and distribution chain, only the value added at each stage is taxed thus avoiding double taxation.

4. In Malaysia, a person who is registered under the Goods and Services Tax Act 2014 is known as a “registered person”. A registered person is required to charge GST (output tax) on his taxable supply of goods and services made to his customers. He is allowed to claim back any GST incurred on his purchases (input tax) which are inputs to his business. Therefore, the tax itself is not a cost to the intermediaries and does not appear as an expense item in their financial statements.

GENERAL OPERATIONS OF THE INDUSTRY

5. Duty Free Shop (DFS) in Malaysia is licensed under Section 65D of Customs Act 1967. DFS typically operates at international airports, seaports, downtown and at borders. DFS is set up for the purpose of promoting the tourism industry in Malaysia, especially to foreign tourists. Foreign tourists as well as eligible local tourists are able to purchase goods relief from GST at DFS situated after immigration checkpoint at airport and port only.

TYPES OF DUTY FREE SHOP

6. Basically, there are several types of DFS operating in Malaysia which are as follows:

(a) DFS Located at Airports

This type of DFS is normally located at the airport terminal building. It is meant to cater for plane crew and air passengers.

(b) DFS Located at Seaports

As in airports, DFS is also located at various seaports in Malaysia, for example at Port Klang, Port of Tanjung Pelepas, Pasir Gudang Ferry Terminal, and Tanjung Belungkor Ferry Terminal in Johor Bahru.

(c) DFS Located at Borders

This type of DFS is located at certain border checkpoints, like Padang Besar and Bukit Kayu Hitam, to supply duty free goods to tourist.

(d) DFS Located within the Country

There are also DFS within the country, like Rantau Panjang and Pengkalan Kubor which are located within Principal Customs Area but situated near Customs checkpoints.

GOODS THAT CAN BE SUPPLIED IN A DFS FREE OF DUTY AND GST

7. Under the Customs Act 1967 and Customs Regulations 1977, not all goods are allowed to be sold free of duty in a DFS. In other words, only certain categories of goods are allowed to be sold or supplied free of duty. Those goods that are allowed to be sold free of duty include the followings:

- (a) Foods products;
- (b) Chocolate ,Confectionery;
- (c) Liquor, Cigarettes, Tobacco;
- (d) Leather product;
- (e) Toilet preparation;

- (f) Textiles, Wearing Apparel, Clothing Accessories;
- (g) Footwear, Headgear;
- (h) Tableware, Glassware (ceramic, porcelain, glass);
- (i) Jewellery;
- (j) Articles of base metal;
- (k) Typewriter, Calculating Machine;

8. Goods which import duty or excise duty has been paid are not allowed to be supplied in DFS. However, certain categories of manufactured goods in Malaysia such as food, beverages and goods as gifts (e.g. watches and cameras) which are not subjected to any duty or tax are allowed to be sold in DFS subject to conditions imposed by the Director General.

9. The above mentioned goods (in paragraph 8) were not subject to any duty or sales tax previously. However, these goods are now subject to GST at a standard rate. Hence, to facilitate the industry and for the DFS operators to supply goods free of GST as provided under Item 3, Second Schedule of the Goods and Service Tax (Relief) Order 2014, the following actions should be taken:

- (a) Any company that applies for DFS status to sell goods that are subject to GST at a standard rate, the application should be submitted to the State Director of Customs before the application is forwarded to Customs Head Quarters for consideration and approval by the Ministry of Finance.

- (b) Any company that have obtained DFS status and wishes to add their products by selling goods subject to GST, the application can be considered by the State Director of Customs for approval.
- (c) Any company that have been given approval to sell goods that are subject to GST at a standard rate, the list of goods need to be submitted to the State Director of Customs for approval.

10. Duty Free Shops are not allowed to supply goods that are not listed as duty free goods as approved by RMCD.
